# ANNOUNCEMENTS

Beginning today, and running through August 29, children pre-school through 2nd grade will be released for **Children's Church**. For older children, Children's bulletins are available with the bulletins, or from an usher.

If you are interested in becoming a **Member of Good News**, check the box on the bulletin insert formerly known as "the tear-off tab", and Pastor Jay will contact you to set up a class. Becoming a member of Good News is a great way to declare a commitment to this church. Membership also has its privileges, but you'll have to come to the class to find out more!

At the end of the summer, our very able and efficient **Systems and Tech Administrator**, Isabelle Waller, is going to head off to college. We are going to have to somehow replace her, so we want to let you know that we have begun the search for a Systems and Tech Administrator. This is a part-time position, 12-15 hours per week, and will pay \$15-\$17/hour, depending on qualifications and experience.

This person will need to have general computer capabilities and proficiency in all programs of Microsoft Office, particularly Excel for creating tables and spreadsheets; Google documents, Facebook, and website software.

If you are interested, the job description is available in the office, or we can email it to you. If you are interested in this position, and feel you may be qualified, please send your resume to the office no later than Wednesday, June 16. Please be in prayer that God would bring the right person to us with the necessary gift mix!

We need to update our congregation records to make sure we can keep in touch with all of you. That's why we have included a **2021 Computer Database Update insert** in the bulletin. If you've never turned one in, please do so today. If something has changed since the last time you filled one out, then update your information. If nothing has changed (phone number, email, address, birthdate, etc.), no need for an update. Thanks!

## Families of the Week

Ed Dzwonkowski

\*\*\*

Mark & Mary Fasula

Throughout this week, pray that these individuals will sense God's presence and continued blessing in their lives, and his direction for their future.

---

## Servant of the Week

Gary & Sherry Hauter

Bethany International

Gary & Sherry lead a bible school in Petrolina, Brazil. Their area is particularly effected by the coronavirus currently, and their school is beginning to feel the effects of it. With a limited ability to advertise and evangelize, their incoming class is shrinking and they have lost contact with the community. Additionally, several members of their school have been ill with the virus or forced to quarantine. Ask God to protect their school and to create ways for them to begin reaching out to the surrounding area.

Spend time this week preparing your heart for Father's Day. Thank God for your father, and for all that they have sacrificed for you. Pray for peace and blessings upon them, that God would guide them on a path to become more like him. Also, thank God for the way this relationship mirrors his relationship with us.

Continue to pray for the long-term effects of Vacation Bible School, that God would encourage the relationships and love needed for this event to bear fruit. Pray for opportunities for Good News to continue to reach out to these families and demonstrate God's love to them.

Joyce Lunkos thanks everyone for praying; her surgery was successful, but now needs prayer for renewed strength and continued healing.

06-20-21

We have some very exciting news! As summer draws near, Camp is always in the back of our minds. We know that Covid has caused lots of changes and people have hesitated to finalize their summer plans. But Camp is resuming this summer and Good News Church wants to help kids go and enjoy an amazing week.

One way we can do that is by helping with the costs. We will provide **\$100 scholarships** to a number of applicants, on a first come, first serve basis. Students should be grade school through Grade 8. This is NOT based on need, but on a desire to spend time at a Christian Camp this summer. **The camps also have additional, needs-based scholarships**, so please do not let funding be the deciding factor!

Fun is had and lives are changed at Christian Camps. If you are interested, please fill out the Good News Camp Scholarship 2021 form (on the back table) and submit the information to the church office.

Here are websites for some of the camps that are in our area and have great summer programs.

**“When all else fails...”** What happens when a storm or other natural disaster takes out critical communications infrastructure? We've seen it happen from hurricanes in Puerto Rico to wildfires in California...when critical communications fail, where do we turn? Amateur radio operators (HAMS) say, “When all else fails...ham radio!”

The public is invited to see that emergency preparedness in action **Saturday and Sunday, June 26 & 27**, as local area ham radio operators practice that skill in a 24-hour drill called Field Day. Every June, more than 40,000 hams throughout North America set up temporary transmitting stations in public places to demonstrate ham radio's science, skill and service to our communities and our nation. It combines public service, emergency preparedness, community outreach, and technical skills all in a single event. Field Day has been an annual event since 1933, and remains the most popular event in ham radio.

Using technology as diverse as computer-to-computer radio communications, satellites in orbit built by hams, ham radio equipment based on the International Space Station, as well as traditional “old school” radio gear, our local group will be attempting to make as many contacts with other Field Day hams as possible. All this is done “off the grid”, using gasoline generators for electricity, simulating emergency conditions. The goal is fun...but it's also to sharpen our skills should they be needed.

Interested? Stop by our field day site, **Good News Baptist Church parking lot**, 145919 Lowland Lane, Mosinee. And bring the kids – ham radio is a great STEM activity. Radios will be in operation from 1:00 pm Saturday to 1:00 pm Sunday, and you can pick up information on how to get started in this world-spanning hobby.
